- 30 pcs old café-style wooden chairs (can be different types) as props for the show.
- 3 pcs tables for technical controls, 4 chairs

Wardrobes

- Warm wardrobes with toilets and shower for two male and three female dancers.
- Water, fruits, chocolate, nuts.

Setting up

The setting up of this show is a demanding task; it depends on the space, available stage and technical equipment, available technical crew (min. 7 persons: 3 lighting, 1 sound, 1 video, 2 stage), and other conditions. In ideal circumstances the minimum set-up time is one day befor the show and the day of the show, in the worst case

three days before the showday. The exact time schedule and duration of the preparations will be determined only after the visit of the venue, or after the detailed agreement with the technical director of the venue.
